

NARA Emergency Response Network

Community Alert Drill Quick Reference

Public quick reference. This document is not a replacement for official emergency directions from authorised agencies.

1. Confirm the drill is approved by the relevant local authority before public announcements.
2. Prepare messages in Sinhala, Tamil, and English where required.
3. Mark assembly points, support routes for children/elderly/disabled users, and post-drill feedback channels.
4. Assign staff for crowd guidance, communications log, first aid, and transport coordination.
5. After the drill, record issues, route blockages, and community complaints for follow-up.

Immediate danger: call the relevant official emergency service first, then submit online reports when safe.
